**Imposter scams**

Imposter scammers try to convince you to send money by pretending to be someone you know or trust like a sheriff, local, state, or federal government employee, or charity organization.

**What to do:**

Remember, caller ID can be faked. You can always call the organization or government agency and ask if the person works for them before giving any money.

**Warning:**

**If anyone tells you to *lie to your bank* in order to withdraw money to give to them - this a big red flag!**
