New Branding

You may have noticed a change in the Logo for Fidelity State Bank & Trust Co.

The new version of the logo for Fidelity State Bank & Trust Co. replaces "The Fidelity Banks" version.

August 4 we launch the newly designed website

We are updating the branding for Apple's App Store and Google Play too. This will update automatically the next time there is an app update.

Cybercrime Education

Stealing Passwords

Cybercriminals steal passwords to gain access to information, online banking, social media, work and other accounts. They also resell password information to other attackers.

Protect yourself:

Use a [password manager](#) for your personal, non-critical accounts to help you create strong passwords. If you have questions, give us a call or send an email to fidelity@fidelitytopeka.com.
