

Getting started with online banking

1. Visit the website: www.fidelitytopeka.com
2. Click on the **yellow button** to log in

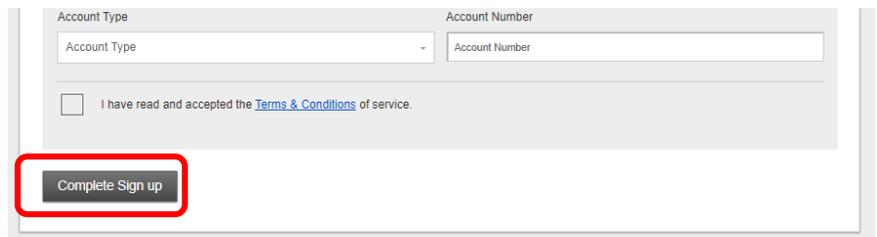

3. Click on **New User** to get started.
This will open up a Registration Form where you enter **your bank account information**.

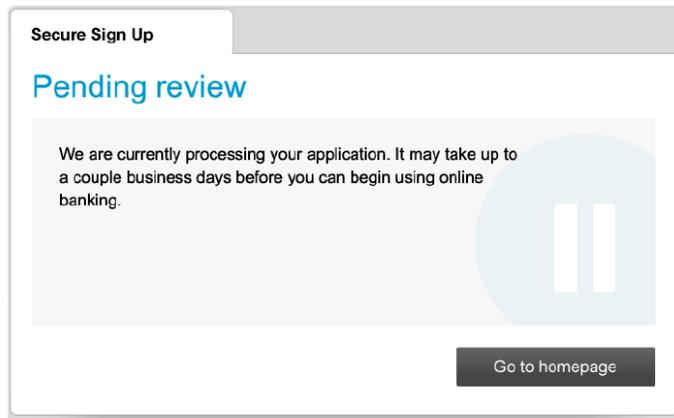

4. **Register for online banking** by completing the form listing your bank accounts that you want to access and monitor:

5. After completing the form click on **Complete Sign up**:

The screenshot shows a registration form with two input fields: 'Account Type' (a dropdown menu) and 'Account Number' (a text box). Below these fields is a checkbox with the text 'I have read and accepted the [Terms & Conditions](#) of service.' At the bottom of the form, a dark grey button labeled 'Complete Sign up' is highlighted with a red rectangular border.

6. Pending review - You will instantly receive a notice that your application is Pending Review.

7. Once approved you will receive an email with notification of your registration approval and instructions on when you can log in for the first time.
8. When logging in for the first time you will be asked to provide some additional information to confirm that it is really you. You will get an email or text message to confirm that the log in is really from you, so your log in can be verified. You can now start using online banking.
9. **This registration process also registers your account for mobile banking.**

Be sure to download the mobile banking app for your specific smartphone.

Search for **Fidelity Topeka** on the **App Store (iphone)** or **Google Play (Android phone)**.

After downloading the mobile app to your phone, open the app and log in using the same username and password you set up for online banking.

If you have any questions or need additional assistance, contact one of our friendly associates at Fidelity State Bank & Trust Co. 785-295-2100 (Main Bank) or 785-228-8440 (Westridge Branch).
